

‘LITTLE KING’ FOX VALLEY BIRCH

Betula nigra ‘Little King’

Height: 10’ **Spread:** 12’

Location: Zone 4, sun to part shade, wet to well-drained soil

Shape: Dense, compact, multi-stemmed, irregular crown

Foliage: Dark green turning yellow in fall

Notes: A wonderful dense and compact landscape-scale birch, more of an irregularly rounded-spreading large shrub than a tree. Interesting peeling cinnamon colored bark is extremely showy and adds significant winter interest. Ideal size for use in a garden setting.
