

BARBERRY

Berberis thunbergii

ADMIRATION

Height: 12-18" **Spread:** 18-24"

Location: Zone 4, sun, tolerates dry soil

Shape: Broad, upright

Foliage: Bright orange-red with yellow margins, red in fall

Notes: A showstopper with a blaze of orange-red foliage with yellow margins. Holds color well through summer.

CONCORDE

Height: 2' **Spread:** 2'

Location: Zone 4, sun, tolerates dry soil

Shape: Rounded, dwarf globe

Foliage: Dark purple, red new growth

Notes: New growth is red giving the shrub an interesting accent. Fruit is red and sparse. Its small size makes it ideal for the perennial border or the front of a shrub border.
