

SPIREA

Spiraea

DAKOTA GOLDCHARM®

Height: 15-18" **Spread:** 2-3'

Location: Zone 3, sun, adaptable to many sites

Shape: Low, mounded

Foliage: Yellow with red tips

Notes: A miniature version of Goldflame or Goldmound, with foliage that starts a deep red, fading to a yellowish green by late spring. Bright pink flowers bloom in early summer and repeat through the remainder of the season.

GOLDFLAME

Height: 2-3' **Spread:** 3-4'

Location: Zone 4, sun for best color

Shape: Low, broad, mounded

Foliage: Bright golden to bronze-green, bronze-red in fall

Notes: Bronzy new growth in spring matures to soft yellow-green backing the crimson blooms in summer. Coppery-orange in fall.
