

HELENIUM (SNEEZEWEED)

Location: Zone 4, sun, tolerates wet soil

Shape: Upright

Foliage: Green

Flowers: Summer to fall

Notes: Heleniums are a much under-rated hardy, mainstay of the summer and autumn border. They are hardy, colourful, easy to grow, tolerate difficult growing conditions, provide months of color, are attractive to pollinating insects and unaffected by most pests and diseases.

Mardi Gras

H: 30-40" **W:** 18-24"
