

LUPINUS (LUPINE)

Location: Zone 4, sun to part shade, rich, well-drained soil

Shape: Upright, clump forming

Foliage: Bushy, bright green

Flowers: Late spring to summer

Notes: Lupines produce spikes of pea-like flowers available in a myriad of colors. Trim foliage back after flowering. These are biennial or short-lived perennials, allow some plants to set seed for future generations.

Russel Hybrid

H: 24-36" **W:** 12-18"
