

# PLATYCODON (BALLOON FLOWER)

**Location:** Zone 3, sun to part shade, well-drained soil

**Shape:** Upright

**Foliage:** Green

**Flowers:** Late summer to fall

**Notes:** Plants form a mound of green foliage, bearing inflated buds that open into star-shaped blue blossoms. This dwarf selection is great for edging the border, rock gardens or in mixed containers. Nice for cutting.

## Sentimental Blue

**H:** 6-8" **W:** 12-15"
