

MAPLE

Acer ginnala

COMPACT AMUR

Height: 6-9' **Spread:** 7-9'

Location: Zone 3, sun to part shade

Shape: Densely compact, rounded

Foliage: Glossy green, scarlet in fall

Notes: A finer branched, more compact form of Amur Maple with fragrant flowers and terrific fall color. It is great as a specimen, screen or hedge plant. Withstands heavy pruning to maintain compactness.
