

WINTERBERRY

Ilex verticillata

SOUTHERN GENTLEMAN

Height: 6-8' **Spread:** 6-8'

Location: Zone 3, sun to part shade

Shape: Upright, rounded

Foliage: Dark green, yellow to purple in fall

Notes: A tall male winterberry that is used to pollinate. You'll see lots of small flowers on this shrub, but no fruit. It has attractive, densely branched, dark-green foliage.

WILDFIRE™

Height: 6' **Spread:** 6-8'

Location: Zone 4, sun

Shape: Rounded, compact

Foliage: Dark green, yellow to purple in fall

Notes: This winterberry features pure white flowers that deliver bright red fall fruit that lasts through early winter. Dark green foliage serves as a backdrop for the large berries, creating a spectacular display. 'Southern Gentleman' is recommended as a pollinator.
