

UPRIGHT JUNIPERS

BLUE ARROW

Juniperus virginiana 'Blue Arrow'

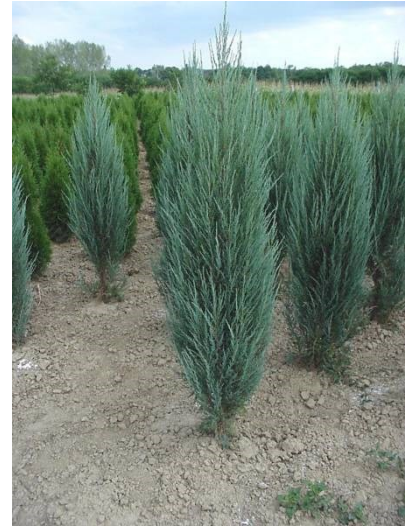

Height: 12-15' **Spread:** 2'

Location: Zone 4, sun to light shade

Shape: Narrow, upright

Foliage: Bright blue

Notes: Improved variety with bright blue foliage on tight, narrow, upright form. Ideal for spatially challenged screening. Plant as a hedge for tall narrow privacy screen. Makes a beautiful dark green background.

COLOGREEN

Juniperus scopulorum 'Cologreen'

Height: 20-25' **Spread:** 6-8'

Location: Zone 3, sun, tolerated drier soil

Shape: Compact, cone-like

Foliage: Soft, delicate, light green

Notes: Narrow, columnar form is an effective accent, screen or formal background. Cologreen has soft, rich green foliage and fleshy blue fruits and becomes cone-shaped with time.
